Public Health Foundation of India's Indian Institute of Public Health Gandhinagar with support from NIOH (National Institute of Occupational Health, Ahmedabad) & GMER's Sola Medical College offers 3 months full time Post Graduate Certificate Course in Industrial Health (AFIH)

Occupational and Industrial Health is an important branch of medicine that brings together expertise from medicine and several other disciplines. It combines clinical medicine and public health.

Doctors with occupational health background and training have risen to the highest levels in corporate world as well as PSUs and become medical directors of major companies. Occupational Health thus offers an exciting and rewarding career path along with clinical practice possibilities.

AFIH is 3 months full time course regulated by DGFASLI (Directorate General Factory Advice Service & Labour Institutes, Govt. of India). This course will fulfill the requirements in terms of additional qualification for Factory Medical Officers of Hazardous Process Industries as required under the Factories (Amendment) Act, 1987. Other industries also prefer to hire AFIH qualified doctors. This qualification is recognized for appointment as Factory Medical Officer all over India. AFIH course will be conducted from 1st April, 2018 to June 30, 2018.

Eligibility for admission: MBBS doctors with minimum of 1 year experience in industry or relevant field of occupational health or 2 years' experience otherwise, after completion of compulsory internship. Candidates attached to factories / industries would be given due weightage.

Course fees: Rs. 45000/- for industry / officially sponsored doctors; Concessional fee of Rs. 35,000/- for self-financed candidates. GST@18%. Other details available on request.
