Master of Hospital Administration
(August 2021- July 2023)

“Creating healthcare leaders for tomorrow”

MASTER OF HOSPITAL ADMINISTRATION

About Hospital Administration

Indian healthcare sector is growing at a rapid rate. It has been estimated that till 2022, the sector will grow at a cumulative average rate of 16% and will touch US\$ 372 billion revenue mark (IBEF). The sector is to create 7.4 million jobs till 2022 (KPMG India). The majority of these revenue and jobs will be created by the hospital sector that constitutes 70% of the healthcare sector. With growing sector, the demand for professionally trained hospital managers is also on the surge. A better managed hospital results in superior quality health outcomes, and satisfied patients.

Currently, In India, there is severe paucity of professionally trained hospital administrators. Limited number of academic institutes are focused on producing professional hospital administrators. Lack of a professional hospital administrator hampers doctor's ability to solely focus on the medical care that may result in inefficient outcomes for the hospital. Lack of trained administrators also result in inadequate second line of leadership in many hospitals and pose a serious challenge to the sustainability of the hospitals. Thus, professional hospital administrator has a pivotal role for growing healthcare sector that is driven to serve the people.

Master of Hospital Administration (MHA) Programme at IIPHG

MHA is a two year, full-time programme. It is designed to develop professionally trained administrators who can play an effective managerial role and provide leadership in public/private hospitals and healthcare organizations. For achieving its intended objective, the programme curriculum is structured on a multi-disciplinary perspective including general management and hospital management theories and practices. The classes are delivered using a variety of teaching and learning techniques, including lectures, case discussions, practical exercises, lab-work, hospital visits, seminars, journal clubs, collaborative learning, group discussions, assignments, hands-on training, internship, and dissertation in hospitals.

Faculty : IIPHG has 16 full-time faculty members with medical, public health, management, and social science backgrounds. All of them have advanced qualifications from reputed Indian and foreign universities. Additionally, a number of visiting/adjunct faculty from India and abroad also contribute to the teaching. IIPHG also draws upon highly experienced hospitals managers as visiting faculty.

Advisory Board: Leading doctors and professionals from renowned hospitals like Apollo, CIMS, Zydus, Sterling, Shalby, HCG, Asian Bariatrics, Parekh, Samved, etc. are on the advisory board for this course.

Career Prospects after MHA: MHA degree open avenues to a career in health and hospital administration that contributes to the improvement of health and welfare of people. Potential employers include corporate hospitals, government and trust hospitals, insurance companies, TPAs, health care consulting, medical equipment manufacturers and suppliers, pharmaceutical companies, diagnostic laboratories and clinics, medical transcription companies, companies dealing with home-based care, medical tourism, medicine and hospital related start-ups. Multilateral and bilateral organizations like the World Health Organization and other United Nation agencies, various state and central government departments, national and international non-governmental organizations, corporate social responsibility or industry-supported foundations, academic and research institutions, and allied health organizations also constitute an important employer segment. After MHA, student can also opt for higher studies in hospital administration in India or abroad. Placement cell at IIPHG facilitates students to find suitable placement after the completion of the programme.

Eligibility: The course is open to candidates with a bachelor's degree in discipline of medicine & surgery, dental, physiotherapy, AYUSH, nursing and paramedical sciences, Healthcare sciences, BPharm, PharmD, BOT, B.Sc.(Trauma Care Management, Lifesciences, Pharmacy, Nutrition & Dietetics, Pharmacology); BSc DMLT, Biotechnology, Medical Social Work and Social Sciences, Medical Microbiology, Medical Biochemistry, Medical Physiology from a recognized university in India and abroad, with at least 50% marks. Relevant work experience in health and hospital sector will be an advantage but is not mandatory.
