MASTER OF HOSPITAL ADMINISTRATION (MHA)

About IIPHG

IIPHG was set up as a joint initiative of the Public Health Foundation of India (PHFI) and the Government of Gujarat in 2008. IIPHG has the distinction of being "India's First Public Health University" established under IIPHG Act-2015 of Gujarat State. A leading institution in public health education, training, research, and advocacy in India, it has collaborations with national and international organisations of global repute. IIPHG has been engaged with various central and state government partners, multilateral organizations like the World Health Organization (WHO), and international academic partners from Germany, Sweden, Australia, and the United State of America. In addition, IIPHG has set up various key centers of public health importance at its lush green 50 acres campus on the banks of river Sabarmati in Gandhinagar.

Faculty at IIPHG

The faculty at IIPHG possess advanced degrees from prestigious national and international universities in fields including hospital and healthcare management, social science, management, health economics, and medicine. They serve as both educators and active participants in academic research, training, and public health practice. The faculty utilizes their significant academic knowledge to consistently improve the curriculum, upgrading educational materials, and classroom discussion. IIPHG offers students the opportunity to engage with national and international experts serving as visiting and adjunct faculty members.

Master of Hospital Administration (MHA) Program at IIPHG

The Master of Hospital Administration (MHA) is a comprehensive two-year, full-time program designed to develop skilled hospital administrators for effective managerial roles in both public and private healthcare institutes. Our curriculum blends theories and practices which provides strong ground in domain of hospital management and administration.
