FROM THE DESK OF PRESIDENT, PHFI

Prof. Sanjay Zodpey,

MD, PhD, DSc (honoris causa),
Doctor of Medicine (honoris causa),

President
Public Health Foundation of India (PHFI)

Dear Colleagues,

Greetings from Public Health Foundation of India!

I am delighted to present you the Placement Brochure for the year 2023-24. I would like to take this opportunity to thank you for the invaluable support you have extended to us over the years.

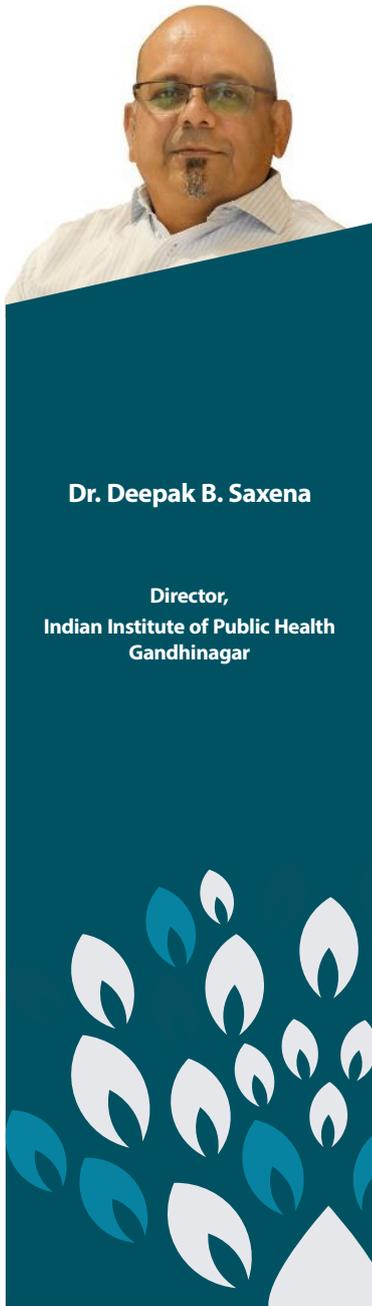

In a very short span of time, Indian Institutes of Public Health (IIPHS) have made a niche by providing competency driven academic programs in public health. IIPHS create an inclusive and global learning environment, which prepare our students and alumni for future leadership challenges. Our alumni are working in diverse areas of public health in India and abroad and contributing to this cause in varied ways.

Our academic curriculum is benchmarked with the industry requirements and focus on field visits, case studies, class assignments, presentation, group work, journal clubs, research, hands on experience through dissertations and internships, which helps students identify and respond to current public health challenges. Alumni talks and Professional Skill Development sessions during the course, helps students develop their employability skills, which further develops a strong foundation for their career.

Our students of outgoing batches of MPH, MSc, MHA and PGDPHM program across IIPHS for academic year 2022--2024 comprises of enthusiastic, vibrant, energetic and professionally competent students with heterogeneous background, persona and motivation for working in public health and related disciplines. I am sure that their commitment will make them a great asset to your organisation. Over the years, the employers have given a very positive feedback about our students, about their knowledge and skills, commitment towards work and innovative ideas.

I wish a very successful career ahead to these students and extend a warm welcome to the prospective employers to include IIPHS in their list of prominent institutions to be visited for campus placements. I am confident that our collaboration will go a long way and be helpful for these budding public health professionals to build their career. On behalf of the IIPHS, I extend a warm welcome to your organisation to participate in the placement process.

FROM THE DESK OF DIRECTOR, IIPHG

Dear Esteemed Partners,

Warm greetings from the Indian Institute of Public Health Gandhinagar (IIPHG)!

At the Indian Institutes of Public Health Gandhinagar, we are deeply committed to delivering exceptional public health academic programs through a blend of multidisciplinary approaches. Over more than a decade, our institution has established itself as a beacon of excellence in teaching, research, and the broader pursuit of public health advancement.

Our carefully crafted courses are tailored to nurture the holistic development of our students, seamlessly integrating academic rigor with hands-on experience in real-world public health scenarios. Each graduating class adds to the collective of skilled public health professionals, ready to leave a lasting impact and contribute meaningfully to our nation's progress.

Central to our philosophy is the belief in providing a supportive environment that fosters the growth of our students through consistent mentorship. Our rigorous academic training ensures that our graduates are well-prepared to embark on successful professional journeys.

I would like to extend sincere gratitude to all the organizations that have generously supported us, helping us become the preferred destination for recruiting public health graduates. Through this placement brochure, I extend a warm invitation to organizations engaged in public health, clinical research, hospital administration, and health informatics to explore the wealth of talent within our graduate pool. Your engagement will not only benefit your organization but also contribute to the ongoing success of our graduates' careers.

Yours,

A handwritten signature in black ink, appearing to read 'Deepak B. Saxena', written in a cursive style.

Dr. Deepak B. Saxena
Director,
Indian Institute of Public Health
Gandhinagar

ABOUT INDIAN INSTITUTE OF PUBLIC HEALTH GANDHINAGAR

Indian Institute of Public Health, Gandhinagar (IIPHG) stands as India's inaugural public health university, with its foundation stone laid by the Honourable Prime Minister Shri Narendra Modi in 2008. This visionary initiative was solidified through an MoU signed between the Gujarat government and PHFI in 2007, where the government provided land and shared project costs.

In 2016, IIPHG relocated to a 50-acre green campus in Gandhinagar, featuring cutting-edge research facilities. Recognized as India's first public health university under the IIPHG Act-2015 of Gujarat State, the institute is dedicated to advancing public health education, training, research, and advocacy, with a mission to enhance the nation's health system.

With a focus on diverse research domains, including mother-child health, infectious and non communicable diseases, environmental and occupational health, WASH, one health, health policy and systems, and public health nutrition, IIPHG is at the forefront of addressing critical health challenges. The institute has fostered collaborative partnerships through research and implementation MoUs with renowned Indian and international organizations.

These collaborations include working with esteemed institutions such as ICMR, DST, DBT, IMD, and various national and state governments, along with global entities like WHO, USAID, UNICEF, CARE Bihar, University of Bonn (Germany), University of Canberra (Australia), and NRDC (USA). The institute is now an ICMR - Collaborating Centre of Excellence. IIPG's multifaceted engagement underscores its commitment to advancing public health on both the national and international fronts.

Mission

- Enhancing the public health workforce, establishing standards, promoting advancements in public health research and technology, and reinforcing the application of knowledge for evidence-informed public health practice and policy.

Vision

- Our vision is to strengthen India's public health institutional and system's capability and provide knowledge to achieve better health outcomes for all.

WHY RECRUIT OUR GRADUATES?

Admissions to IIPHG are purely based on the candidates' merit and caters to applicants with varied academic backgrounds. The unique selection criteria at IIPHG includes analysing the candidate's attitude and focus towards the specialised field through a statement of purpose as a part of the application, followed by selection interview. This ensures selection of students who are not only the most capable but also those who are aligned to the specific course.

The course design is competency driven and caters to multiple-disciplines. The teaching methods includes seminars, group assignments, quizzes, case studies and role plays. We also offer professional skills development program (PDP) to prepare the students for employability after the course completion. Our academic programs include a 2-6 months internship and dissertation, which prepares the students to pursue a wide range of career paths post completion of the academic programs.

- *Recruit our graduates and students for jobs and internships, and you will benefit from talented pool of resources equipped with skills in **program management, problem solving skills and multi-tasking abilities***
- *Recruit the best candidates with **multi-disciplinary background**, who will make a real difference to your public health projects by application of skill sets drawn from **practical application of theory***
- *Our graduates are well equipped with technical and generic **skills to work in public health and other allied healthcare sectors***
- *Our **internship and dissertation experience** provides students with exposure to **practical public health challenges** and ways to address them.*
- *Our graduates are appreciated by employers for **innovation at work** and their commitment to bring a difference by **willingness to work at community level***
- ***Batch diversity** allows flexibility for employers to choose and **recruit at the entry, middle management and senior management levels** of organizations.*

Achievements/ Extra-curricular activities

1. Volunteering/Internships

- Interned at Gujarat Dental Health Education and Research

Work experience

1. Associate Dental Surgeon, *Trust Hospital*

STUDENTS' SPEAK

Overall course of MPH in this renowned college has helped me enhance my skills and knowledge. This institute has provided me a great platform to work and learn the public health scenario in India as well as all over the world. I completed graduation in Community Health in Ranchi, Jharkhand. I love this field of work and therefore this passion motivated me to opt for MPH and there could be no better institute for public health other than IIPH itself. I am glad that I have been studying here and enjoying my course. This course will definitely prove to be very beneficial in my future endeavors.

Abhilasha

MPH 2022-24, IIPH-Gandhinagar

IIPH-Gandhinagar itself has so many projects going on in campus which is very helpful for getting introduced to the professional work. The atmosphere of the college and staff is very healthy because of which we are able to solve our doubts and queries with ease.

Saijal Joshi

MPH 2022-24, IIPH-Gandhinagar

Good campus, vast subjects. Some exceptional faculties are here. I came here with lots of hope seeing the highly placed alumni. This institute is really a Mecca of Public Health.

Master of Hospital Administration (MHA)

The programme is designed to develop professionally trained administrators who can play an effective managerial role and provide leadership in public/private hospitals and healthcare institutions.
