

VACANCY NOTICE: Project Assistant (Public Health)

Publish Date: 1st April, 2026

Project Name: Operationalizing a One Health–Based Risk Assessment and Surveillance Framework for Wet Markets in Kochi to Strengthen Urban Health Security

Position Code: IIPHG/REC/2026-27/01

Position Title: Project Assistant (Public Health)

No. of Posts: 02 (Two)

Location: Kochi, India

Duration of Position: 10 Months

Brief on the Organization:

Indian Institute of Public Health Gandhinagar (IIPHG) is a University established under IIPHG Act, 2015 of Gujarat State. It offers courses in the field of Public Health. It also undertakes various research projects in the field of Public Health. The university is established by Public Health Foundation of India (PHFI) with support from the Government of Gujarat, Department of Health & Family Welfare.

Project Brief

Wet markets represent critical interfaces where human, animal, and environmental health intersect, creating potential pathways for the emergence and transmission of zoonotic diseases and other public health risks. Addressing these challenges requires a systematic, evidence-based One Health approach that integrates environmental monitoring, animal health surveillance and human health services within market ecosystems. This project aims to strengthen One Health-based surveillance and risk mitigation in wet markets by developing standardized risk assessment tools, conducting field-based environmental and animal surveillance, and improving health screening and referral systems for market personnel. The initiative will utilize a data-driven geospatial monitoring system to categorize markets by risk levels and support evidence-based decision-making. Additionally, the project seeks to establish sustainable monitoring systems by integrating with the IHIP-IDSP platform, thereby improving early detection and response to public health threats.

Deliverables:

- Carry out data collection and other project-related field activities using approved formats or digital tools at animal wet markets and linked service points.

- Help maintain daily records, attendance sheets, line lists, visit notes and logistics registers.
- Support the dissemination of IEC materials and reinforce key biosafety and health messages among market personnel.
- Coordinate with Project Associates and the State Project Coordinator to ensure timely field execution and complete of activities troubleshooting.
- Undertake any other field implementation or documentation tasks assigned by supervisors in line with project needs.

Qualification: Graduate or Postgraduate degree in Public Health or Life Sciences.

Desirable: Field exposure in community health, programme implementation, survey work, or health camp coordination will be preferred.

Experience: Minimum 1 to 2 years of relevant field experience.

Desirable: Experience in public health outreach, data collection, mobilization, or documentation will be an advantage. Knowledge of Malayalam will be given preference.

Last Date of Receipt of Applications: 10th April, 2026.
